

Starcal *D* Forte

Calcium 500 mg &
Vitamin D₃ 400 IU Tablet

Starcal *D* Forte is the preparation of Calcium Carbonate and Vitamin D₃ (Cholecalciferol). Calcium is necessary for many normal functions of our body, especially bone formation and maintenance. Vitamin D₃ helps for the absorption & reabsorption of Calcium. Vitamin D₃ also stimulates bone formation. Clinical studies showed that Calcium and Vitamin D₃ all together help in bone growth and in prevention of osteoporosis & bone fracture.

COMPOSITION

Each film coated tablet contains Calcium Carbonate BP equivalent to Calcium 500 mg and Vitamin D₃ BP 400 IU.

INDICATION

This combination is used for the treatment and prevention of Vitamin D₃/Calcium deficiency states, particularly in elderly people.
